CONTENTS VOL. 98, 1988

Research Papers

Finite element modeling of flow in a coal seam with underground coal gasification cavities
D.N. Contractor (Tucson, Ariz., USA.) 1
Analytical solutions for two-dimensional chemical transport in aquifers
P. Latinopoulos, D. Tolikas and Y. Mylopoulos (Thessaloniki, Greece) 11
Application of a simple soil-water hysteresis model
W.L. Hogarth (Nathan, Qld., Australia), J. Hopmans (Wageningen, The Netherlands), J.-Y. Parlange (Ithaca, N.Y., U.S.A.) and R. Haverkamp (Grenoble, France) 21
The interrelation of hydraulic and electrical conductivities, streaming potential, and salt filtration during the flow of chloride brines through a smectite layer at elevated pressures
I. Demire (Champaign, Ill., U.S.A.) 31
Temporal, spatial size variation in the sediment transport in the Krishna River basin, India
R. Ramesh (Montreal, Que., Canada) and V. Subramanian (New Delhi, India). 53
Analysis of interceptor ditches for control of groundwater pollution
C. Zheng, H.F. Wang, M.P. Anderson and K.R. Bradbury (Madison, Wisc., U.S.A.) . . 67
Monitoring of recharge water quality under woodland
G.J.W. Krajenbrink (Bilthoven, The Netherlands), D. Ronen (Rehovot *and* Jerusalem, Israel), W. van Duijvenbooden (Bilthoven, The Netherlands), M. Magaritz (Rehovot, Israel) and D. Wever (Bilthoven, The Netherlands) 83
Forecasting groundwater suitability for irrigation — A case study in the Nile Valley, Egypt
F. Radstake (Amsterdam, The Netherlands), F.A.R. Attia (Cairo, Egypt) and A.B.M. Lennaerts (Rotterdam, The Netherlands) 103
Isotope hydrology of the Aghois Nikolaos area of Crete, Greece
I.L. Leontiadis (Aghia Paraskevi, Greece), B.R. Payne (Vienna, Austria) and Th. Christodoulou (Athens, Greece) 121
Deuterum and oxygen-18 studies in groundwater of the Delhi area, India
B.K. Das, Y.P. Kakar (Chandigarh, India), H. Moser and W. Stichler (Neuherberg, Federal Republic of Germany) 133
Hydrochemistry and groundwater system of the Zerka Ma'in–Zara thermal field, Jordan
O. Rimawi and E. Salameh (Amman, Jordan) 147
Integrated approach to aquifer delineation in hard rock terrains — A case study from the Banda District, India
D.C. Singhal, Sri Niwas and B.B.S. Singhal (Roorkee, India). 165
Quantitative tracing of the Maligne karst system, Alberta, Canada
C.C. Smart (London, Ont., Canada) 185
Log-logistic flood frequency analysis
M.I. Ahmad, C.D. Sinclair and A. Werritty (Fife, U.K.) 205
The behavior of groundwater with dispersion in coastal aquifers
T. Kakinuma, Y. Kishi and K. Inouchi (Matsuyama, Japan) 225
Experimental studies in stream–aquifer interaction along the Arkansas River in Central Kansas — Field testing and analysis
M. Sophocleous, M.A. Townsend, L.D. Vogler, T.J. McClain, E.T. Marks and G.R. Coble (Lawrence, Kans., U.S.A.) 249
Factors affecting the identification of independent storm events
J.V. Bonta (Coshocton, Ohio, U.S.A.) and A.R. Rao (West Lafayette, Ind., U.S.A.). . . 275

Storage–effective drainage (SED) runoff model
G. Holecek (Edmonton, Alta., Canada) 295
Estimation de lames d'eau spatiales à l'aide de données de pluviomètres et de radar météorologique — Appplication au pas de temps journalier dans la région de Montréal (Comparative study of areal rainfall estimation methods using rain gage and radar data — Application to daily rainfall events observed in the Montreal region)
G. Delrieu (Saint Martin d'Hères, France), A. Bellon (Saint Anne de Bellevue, Qué., Canada) et J.D. Creutin (Saint Martin d'Hères, France) 315

Subject Index Volumes 92–98 345
